Maybe even better than free.

Keep your files private, or send your download links only to friends or family. When you use file, you avoid storing the file you're sending in your cloudstorage or mail server. Simply upload your file and share the link. No account or credit card is required to get started. This is easy, fast and reliable filehosting! You don't need any kind of premium-accounts. File is free to use with no gotchas and no hidden fees. You decide who you want to share your files with. We have no file size limit. You can upload any type of file (movies, music, documents, images, zip files and more). Your wallet will be none-the-lighter! Just sowe're all 100% clear here: When you share a file, data is being transferred between your computer or phone and our servers, then from our servers to yourfriends device. Files transferred the old-fashioned way tend to pile up and be forgotten about, eventually costing you money in data storage fees. It is alsoallowed to link to the download page from websites and communities. Using file, you can circumvent those limits without paying to upgrade your team chatservice. Why pay storage fees for a file that you just wanted to send to a friend or colleague? Also, many team chat apps have limits to the size of files that canbe transferred within their apps. If only we could, we surely would! On the other hand, using file can actually save you money. filehosting provides an easypossibility for you to send large files to your friends. Unfortunately, we can't make that part free. Just upload the file you want to share with your friends andwe send you a download link to your file. There are no restrictions on the number of times a file can be downloaded. You can give this download link to yourfriends by mail or instant messenger. So try our free and simple filehosting service now. Our service is completely free for everyone. Alternatively you canchoose to share your download links on blogs, forums and social networking sites. The cost of that data transfer is covered by your internet service or the dataplan on your phone. Any file in any format can be uploaded and downloaded for free. Files can be downloaded from any computer from our high speed servers. You don't need any special software installed to be able to download your files.
